## PATIENT PAYMENT POLICY

Thank you for choosing Dallas ENT Group for your treatment and care. We understand that medical bills can be costly and unexpected; therefore, we try to make the payment process as easy on you as possible.

### Do you file to my insurance?

We file to your insurance company as a courtesy to you. We will attempt to verify your insurance benefits before each visit so that you are aware on any charges you may incur beforehand. It is important to understand that some co-insurance amounts are not able to be determined until insurance pays on a claim. Any statement you receive from our office is sent to you as a request for payment, not as a notification of insurance payment. If you are receiving a statement from our office, it is because your insurance has said that the amount owed is your responsibility. If you are questioning the bill, you may contact your insurance company directly to find out why they have applied the amount to your out of pocket expenses. You may also contact our billing office.

### Do I need a referral?

If you have an HMO plan with which we are contracted, you may need a referral authorization from your primary care physician. Our office will attempt to obtain a referral prior to your visit, but if we have not received one at the time of your visit, you will be charged for the visit.

### How may I pay?

Our office accepts payments by cash, Visa, Mastercard, American Express, and Discover. It is our policy not to accept checks; however, if that is the **only** form of payment you have for your visit, we will accept it. There will be a \$30 charge on any returned checks for insufficient funds, and our office may seek legal action. If an account is not paid within 90 days from the date of service, a \$20 service fee will be added to the total amount owed.

### Do you take Care Credit?

Our office does accept Care Credit as a form of payment. Care Credit is a medical credit card that enables you to pay your bills at 0% interest, and you are able to apply in the comfort of your own home at CareCredit.com. Our office does charge a one-time fee of 9% of the balance paid by Care Credit. If you have any questions about Care Credit or wish to sign up, please ask to speak to one of our billing specialists.

### What about in-office surgery charges?

As a convenience, some procedures are able to be performed in office, saving you the expenses of anesthesia and facility fees. These procedures, including Nasal Endoscopies and Laryngoscopies, may be processed by your insurance company differently than an office visit would be and apply to a different set of deductibles and co-payments.

### Do you charge for Medical Records?

Our office may charge for certain medical records that are sent. Some records sent for continuing treatment are complimentary. Federal disability forms are charged \$18. Complete medical records are \$25, and any records being requested by law firms where we may be a witness for you in a law suit are \$50.

I acknowledge that I have read, understand, and will comply with these payment policies.
